

Rethink Mental Illness is a charity that believes a better life is possible for millions of people affected by mental illness. For 40 years we have brought people together to support each other. We run services and support groups across England that change people's lives and we challenge attitudes about mental illness.

The aim of the group is to bring together people with lived experience of mental health issues, their friends and family in a safe non-judgement environment.

We do many different activities from just coming along for a cuppa and a chat to informative speakers and social activities. You can be sure of a warm welcome.
