Caldmore Men's Shed

Caldmore Community's Gardens' Men's Shed project aims to create a regular meeting space for men in Caldmore Community Garden where they can develop ideas and collaborative projects through regular meetings and activity sessions. They have been meeting every Monday morning for over a year and in that time they have created their own growing bed for fresh vegetables, built a fully kitted workshop and created a Tree House in the Community Garden.

They are an easy-going group who always welcome new people.

Participants don't have to have any previous experience of doing anything practical or of getting involved in groups. When they take on projects they plan and do them together learning from each other. Most importantly it's free to join! All they ask is that participants come and get involved. Its open to men of all ages, cultures and backgrounds.

We meet every Monday between 10.00 am and 12.30 pm. Every session starts with a sit down and a cup of coffee while they plan their morning together.

For more information contact Steve on 07970 856148.

Walsall Bereavement Support Service also offers group support for anyone who is affected by a death by suicide. Although attitudes are changing slowly, unfortunately the stigma attached to suicide is still present in our society. As a result not only do those affected by the persons' suicide experience all the emotions usually associated with loss but also they may experience a feeling of being judged or feel that others believe they have failed in some way.

Generally our group meets on the first Wednesday of every month and the group runs from 7.00pm – 9.00pm. However, very occasionally these dates may be subject to change. Therefore if you are thinking of attending the group we would advise that you check with our office beforehand to confirm the date of the next meeting.

Coping with death especially when it is that of a loved one, can be a very distressing and overwhelming experience. Whilst a strong sense of sadness and loss might be expected as a result, dealing with bereavement can also give rise to other very powerful feelings too. It is not unusual for bereaved adults or bereaved children to feel angry or guilty as these are normal reactions to grief
