- seven day a week telephone helpline

The Access Community Mental Health team will also help plan for next steps.

Who can use our service?

Anyone aged sixteen or over who lives in Wiltshire (or has a Wiltshire GP) and is looking for support with their mental health to achieve personal goals.

We apply the principle of 'no-wrong door' - we are a single point of access for people with their mental health and we'll make sure we make links with the right support.

What can we do?

The service is based around the hopes, strengths and aspirations of the people who use our service. We walk alongside people in their journey of recovery.

"I'm usually the person, helping everyone else, so it has been hard for me to ask for help. I'm not sure what the next, hour, days or months will hold but I do know, there is someone or somewhere, I can go to get help."

If you, or someone you know would benefit from our service give us a call or email using the details overleaf - we'd love to hear from you!
